An act to add Section 100160.2 to the Public Utilities Code, relating to transportation.

[Approved by Governor July 9, 2010. Filed with Secretary
of State July 9, 2010.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1784, Fong. Santa Clara Valley Transportation Authority.

Existing law creates the Santa Clara Valley Transportation Authority with various powers and duties relative to public transportation and other related matters. Existing law provides that the authority may provide funding to the Department of Transportation for repair and maintenance of state highways within its boundaries.

This bill would authorize the authority to enter into agreements with any city within the territory of the authority or with the County of Santa Clara to improve a street, road, highway, or expressway under the jurisdiction of the city or county.

The people of the State of California do enact as follows:

SECTION 1. Section 100160.2 is added to the Public Utilities Code, to read:

100160.2. The authority may enter into agreements with any city within the territory of the authority or with the County of Santa Clara to improve a street, road, highway, or expressway under the jurisdiction of the city or county. This section does not apply to highways under the jurisdiction of the state, unless specifically permitted elsewhere in statute.
